STATUS OF MAIZE FLOUR FORTIFICATION IN THE COUNTRY

Progress to date:

- Harmonized Standard for Maize Flour fortification in West African Economic and Monetary Union (UEMOA) Zone
- Maize flour fortification process has just started:
 - Call to purchase two microfeeders and premix
 - Launch the production of fortified maize flour in December 2016
- This initiative supported by HKI with founding from ECOWAS and Smarter Futures

MAIN CHALLENGES TO IMPLEMENT MAIZE FLOUR FORTIFICATION

- Supply first premix
- Training of trainers of industries and food inspection agencies in QA/QC
- Launch the production in December 2016
- Advocate for adoption by countries of harmonized standards
